Double-needle chainstitch
post-bed machine with unison feed

Areas of Application:

- Automotive interiors, e.g. dashboards, door panel or arm rests
- Home furniture
- For all areas of processing technical textiles

Features:

- Extremely solid machine construction, also for very heavy applications up to 5 mm material thickness
- Very high stitch quality for top stitching and decorative seams (on large, bulky and voluminous parts)
- High traction due to unison feed (Bottom feed and alternating top and needle feed)
- Machine works with chainstitch technology – no bobbin changing is necessary
- Small post for an easy handling of voluminous fabrics
- Electrically height adjustable stand (working height: 800 - 1.250 mm)
- Height adjustable side table to support the handling of material (Option)
- Line laser for the alignment of the material (Option)
- Single-needle version (Option)

Technical data:

- Stitch type: 401
- Stitch length: 3 - 6.5 mm
- Needle gauges: 6, 8, 10 mm
